

SUBSTITUTE
REISSUE APPLICATION DECLARATION BY THE INVENTOR

Attorney Docket No. 98706R

As a below named inventor, I hereby declare that:

My residence, mailing address and citizenship are stated below next to my name.

I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is described and claimed in patent number 6,002,507, granted December 14, 1999, and for which a reissue patent is sought on the invention entitled METHOD AND APPARATUS FOR AN INTEGRATED LASER BEAM SCANNER.

The specification of which

☐ is attached hereto.

☒ was filed on 12/14/2001 as reissue application number 10/014,563
and was amended on 1/13/2003
(if applicable)

I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below.
(Check all boxes that apply.)

☐ by reason of a defective specification or drawing.

☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.

☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

The claims, as allowed on first Office Action, are substantially narrower than the true scope of the invention.

For example, the limitations of attaching, fashioning a deflecting mirror, fashioning a torsional mirror, and mounting a semiconductor light emitter as issued claim 11 recites were far too narrow. Similarly, issued claim 1 includes the limitations of a recess first and second region, a deflecting mirror, a torsional mirror and a semiconductor light emitter, that, as issued, were narrower than required. The new claims thus recapture scope that was unnecessarily surrendered.
